Complete Security

We've partnered with UK security experts to bring their expertise in product design, manufacturing and testing to produce a composite door with optimal security and performance.

Each CompDoor also comes fitted with the very latest in auto-fire multi-point lock engineering. This multi deadbolt auto-fire lock has been rigorously tested to over 50,000 cycles and is fully compliant to PAS-24 security standards. The mechanism automatically engages when the door is closed, with no need to lift the handle, for optimal security and to minimise movement.

Lock Positioning

Standard Auto-Fire Lock

An automatic multi-point locking system featuring a four self-locking deadbolt latch to provide additional security.

Heritage Auto-Fire Lock

The aesthetics of a traditional rim latch positioning, but incorporates the latest high security auto-fire technology.

High Security Barrels

Active Snap Protection

When attacked, a hidden pin within the hardened Molybdenum cam fires into action to create a barrier that would-be intruders can't get past.

**Multi-Layered Protection**

ABS cylinders feature advanced technology to combat against snapping, picking, drilling and bumping.

**Tried & Tested**

ABS 3 star rated cylinders are approved by the Police Security Association, passing with the Sold Secure Diamond grade recognised as the highest security standard UK locks can conform to.
